Known Limitations 6.0

- The SetFBCred utility cannot encrypt the passwords to store on disk if the IIS server is running FIPS and Free/Busy cannot decrypt passwords on the IIS server running FIPS. (17108)
- Free/Busy does not function properly in iNotes when on-premise and Notes mail template is 9.0.1. Free/Busy and iNotes work properly with the Notes 8.5.3 mail template, and also is not an issue with Office 365 environments. (36284)

About Binary Tree

Binary Tree is a Microsoft Gold Partner for messaging, cloud productivity and application development and is dedicated to and focused on enterprise transformations to Microsoft platforms. Since 1993, Binary Tree has transformed more than 8,000 global clients and 42 million users, including 7.5 million users to Office 365. The company is a globally preferred vendor for Office 365. Its headquarters is located outside of New York City with global offices in France, Germany, Singapore, Sweden and the U.K. Its award-winning software and services help companies modernize email, directories and applications by moving and integrating them to the Microsoft cloud. The company's business-first approach helps plan, move and manage the transformation process from end to end so that clients can stay focused on their core businesses. Binary Tree's experts deliver low-risk, successful IT transformations. Visit www.binarytree.com for more information.
