SUPPORT

Fueling Customer Success With Comprehensive Support

Binary Tree’s professional Customer Support services give you the level of guidance you need to ensure you can successfully complete your migration journey – and you can even maintain that support long after it’s completed, just to make sure you’re successful. Standard Support is complimentary for all purchases of Binary Tree software. For more advanced support options, you can choose from a variety of support plans to fit your needs. And you will be partnering with the best in the business – our rolling 18-month average rating of customer satisfaction is 9.38 out of 10! Our dedicated support experts will make sure that your needs are met and your questions are answered, with initial responses expected within 4 hours.

Binary Tree’s customer support combines responsiveness with precise expertise to help you meet your project goals.
